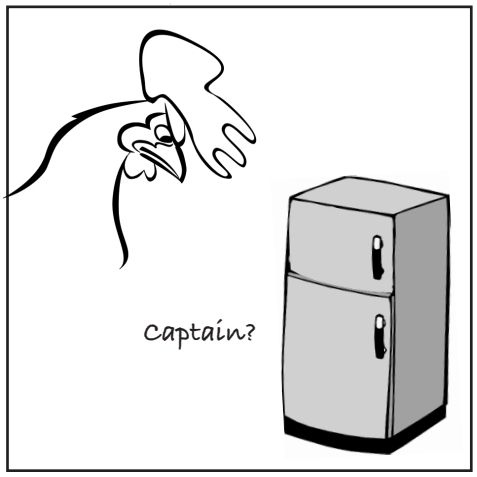
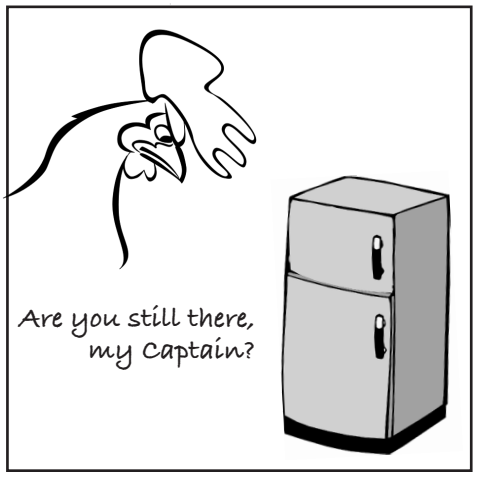
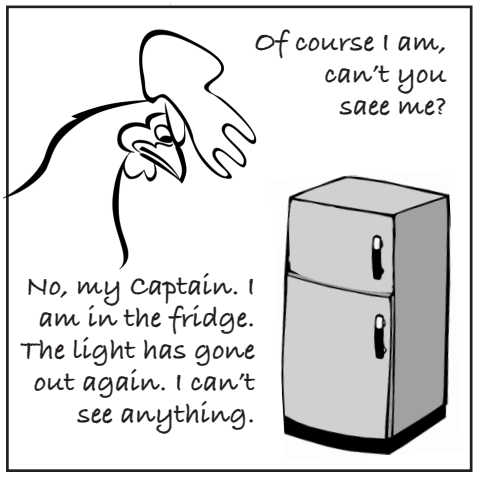
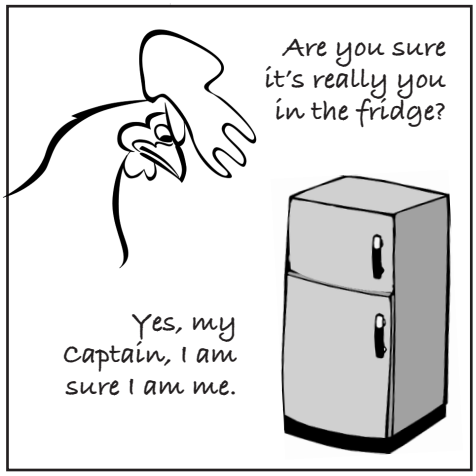
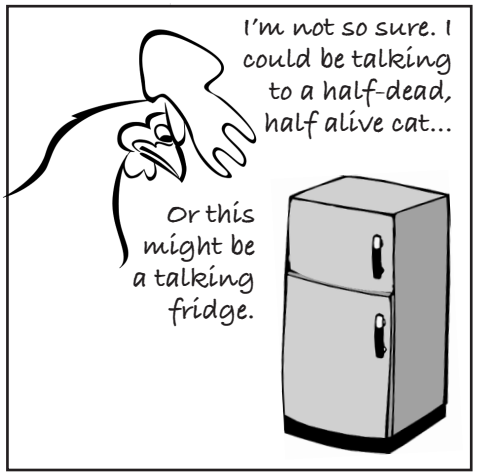
MUDLARK AND THE CAPTAIN: SUNDAY, MARCH 22, 2015

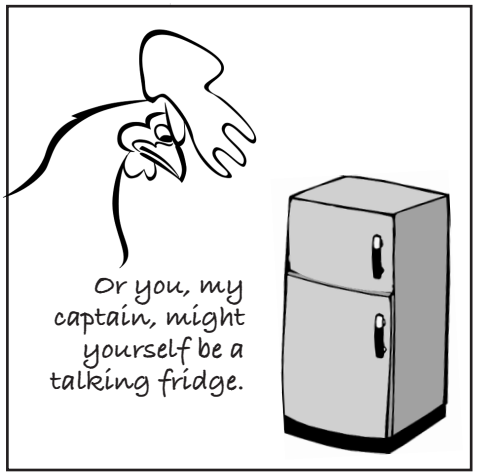


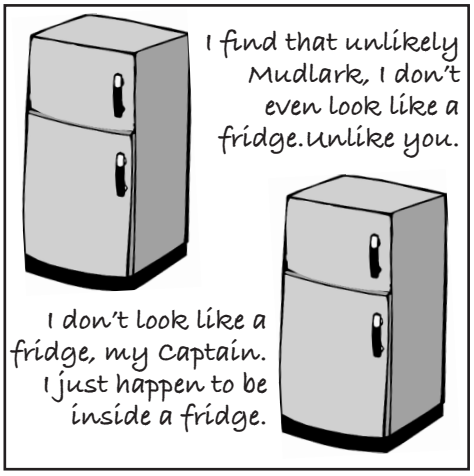


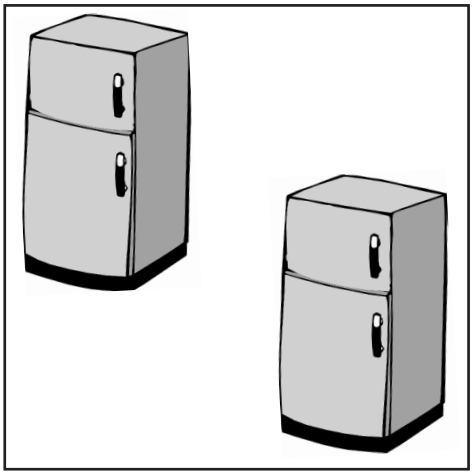


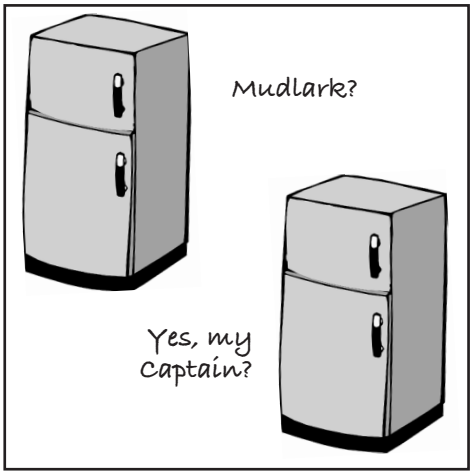


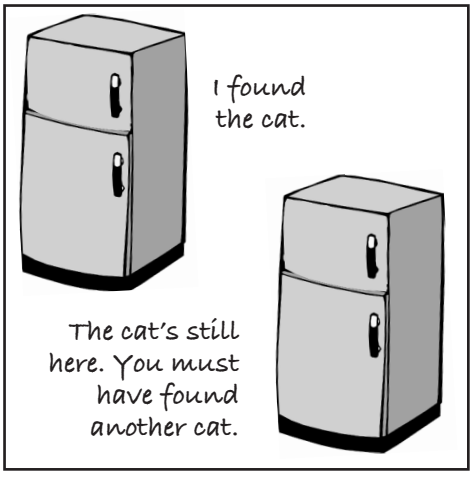












I'm sure there can only be one cat, Mudlark. How many cats can there be inside fridges neither dead nor alive?

Good question, Captain. I'll get out of my fridge and have a look in yours.

Ouch!

It's fucking bright out here, Captain. I can't see a thing.

Are you there?

Captain?
